about full color body

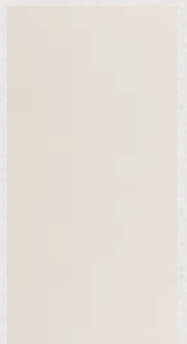

Todas las características técnicas del porcelánico: resistencia, bajo mantenimiento... junto con las ventajas de la masa coloreada, que, en caso de rotura, gracias al color uniforme de toda su pieza, pasa desapercibido. Unido a los diseños y formatos mejor valorados del mercado.

This range combines all the technical properties of porcelain tiles (resistance, easy care etc.) with the benefits of full-body ceramic. If the surface of these tiles is chipped, thanks to their uniform colour throughout, the flaw will go unnoticed. What's more, they come in some of the most popular designs and formats on the market.
